**Michelin Special Application Approval
For
Mine Resistant Ambush Protected Vehicles
(MRAP)**

Subject: Special Application Approval For Michelin 395/85R20 XZL Load Range G (MSPN 37727)
And 395/85R20 XZL 164G Load Range J (MSPN 54331) For Use On Mine Resistant
Ambush Protected (MRAP) Vehicles

Due to the urgency of the US Military MRAP vehicle program, Michelin is authorizing the use of the two subject tires interchangeably on MRAP vehicles in Category I and Category II. These tires in Load Range G and Load Range J may be mixed on a vehicle, and on the same axle. Within the auspices of form/fit/and function, there will be no performance, dimensional, braking, ride, handling, mounting, or service differences in these two tires for these vehicular applications.

Tires: Michelin 395/85R20 XZL Load Range G, MSPN 37727
Michelin 395/85R20 XZL 168G Load Range J, MSPN 54331

Special Application Approval is granted for load/speed/inflation pressure as listed in the following table:

Load (Pounds)	Inflation (PSI)	Speed (MPH)
9370	95	70
9500	99	69
10000	102	67
10500	104	65
11500	115	60
12300	120	55
